

2017 January

NEIGHBOURHOOD PLANNING REPORT: - Mr T Lockley had written the following report and circulated it to the members prior to the meeting:

Submission to Hinckley & Bosworth Borough Council

As agreed at the December PC meeting, the draft plan boundary and supporting document was submitted to the borough council. When acknowledging their receipt the borough council asked that MPC provide the following information:

- Confirmation that Groby PC is happy for Field Head to be incorporated within proposed NP boundary
- Confirmation that Newtown Linford PC is happy for the finger of land, between Leicester Road/Whitwick Road and the A50, be incorporated within the proposed NP boundary
- Confirmation that Charnwood Borough Council is happy for the above-mentioned finger of land being incorporated into the MPC NP.

I've emailed the 2 parish councils and the district council requesting their formal views on the above. To date, other than being asked by Newtown Linford PC clerk, to provide a plan just showing the area of land we are looking to include, which falls within their jurisdiction, I've received no feedback from the other two organisations.

Thus, for the time being, neither we nor H&BC can progress this matter.
