NEIGHBOURHOOD PLANNING REPORT

The Borough Council had received no comments on the Markfield neighbourhood area consultation. As part of the formal process, councillors on the Planning Policy Member Working Group have to be consulted before the area can be formally designated, but I don't anticipate any issues with this. Provided this is the case, the designation will be publicised following next Friday (5th). Mr T Lockley and Mrs M Bowler would need to attend a meeting with H&BBC who were also being assisted by the Rural Community Council.
